Foreward

This transcription is part of a collection of Northern Ireland records which I accumulated through many years of research. I was motivated to seek out the records after discovering that one of my fifth great-grandmothers was a Lurgan Quaker.

Finding the extracted vital records was not too hard, but I soon learned that the detailed meeting records were apparently available only at the Irish repositories. Finding entries of interest in these records can be a lengthy and tedious ordeal, due to the crabbed hand-written source and a limited index at the repositories. I hope that this transcription and comprehensive index will help others to more easily find ancestors in the minute books, at least for the years included here.

The transcription is intended to serve as a research aid only, and should not be considered a perfect reflection of the source records. The original records should be consulted to verify any entries of importance.

Irish records can be found at the Friends Historical Library in Dublin, the Public Record Office of Northern Ireland (PRONI) in Belfast, and the National Archives in Dublin.

Anyone who is interested in the Ulster Quakers should read the “History of the Religious Society of Friends in Lurgan,” written by Arthur G. Chapman, published in 1997 by Lurgan Friends Meeting (Universities Press, Belfast). This excellent history provided inspiration and guidance for my own studies.

Brownlow Lease Records

Parts of the Brownlow Leasebooks at the Public Records Office of Northern Ireland (PRONI) have been extracted by various researchers, including Raymond Gillespie (*Settlement and Survival on an Ulster Estate, The Brownlow LeaseBook 1667-1711*) and Dr. William H. Crawford (*Tenants on the Manor of Brownlows-Derry, Lurgan, Co. Armagh c.1670 – 1799*). Some of the original pages at PRONI are very dim and difficult to read, and the earliest books have not been transcribed. For example, Roger Fisher can be seen as a Tullydagan/Liscorran leaseholder (north side of Lurgan) in the 1656-58 ledger on page 132, but is not found in the published transcripts.

The Gillespie list includes a few entries as early as the 1670s, but mostly later. An example is John Fisher of Kinnego townland in Loughgall Parish, whose 1691 lease is described on page 69 of Gillespie's book:

Halfe Kanegoe to Peter Harland and John Fisher for their lives and John Fisher the youngers life from the 1st May 1691 at L8 per annum first 3 years, L9 per annum next 4 years and L10 per annum remainder of the terme (de claro); 6 hens and 6 daies worke to Ellinor Jones dureing her life – hedgboot onely – turfe leaue to others at 6d. per diem; to fence arrable medow and pasture severally and plant ash or oake at ½ perch – rest as usuall – dated January 29th 1690. The other halfe of the same to John Patterson, Robert Martin and Cormuck McAghuly for 21 years from May next 1691 at the rent ... etc. John Fisher was identified as Churchwarden of Shankill in 1688.

Dr. Crawford's extracts tend to be mostly from the early 18th century. He extracted Brownlow leaseholder names from the PRONI archives and the memorials in the Registry of Deeds (RD) in Dublin. A summary from his list of surnames, grouped here by occupation, follows. The textile workers predominate and are given first. Many of the families listed were never Quakers, while others were Quaker families or had some members who were Quakers. Dr. Crawford included the townland for most of the leaseholders, as well as the dates. This summary contains most of those names, but is given here only as a guide to the complete list.

1722 At a Province & Quarterly meeting held at Ballyhagan ye 2nd of 4th Mo 1722. Lurgan friends gave account tht they had been to view ye half acre of ground which Saml Murphy hath reserved for ye use of friends near Rathfryland & signifies tht it's a very convenient spot for a meeting house & grave yard; & Saml being at this meeting & very willing to grant ye said half acre for ye use of friends Lurgan meeting is desired to get a lease of ye same from Saml all ye time he hath of it himself at ye rate of ten Shill. Pr annum; and ye said Saml being willing to take ye trouble to get a little meeting house & stable built upon ye sd ground, This meeting desires Samuel with ye assistance of such other friend of Rathfryland meeting as he may think proper, to build a meeting house of 30 foot long, 16 broad & high in ye clear & a stable of 10 or 12 foot, at ye end of it, as soon as possible, making ye lace with other things agreeable to ye service of it; & Lurgan seet. Is desired to disburse ye Cost, & in a convenient time bring ye same to ye province.

The friends nominated to speak to Edwd Lucas about a place for a meeting house at Castle Shane, give accot tht they have, & he is willing to grant a place, which friends thinks is convenient, therefore Wm Whitesite, Bart. Garnet, Wm Gray, Wm Brownloe, are desired to agree with said Edwd & get a lease renewable, as he proposes, of ye place in their names, & afterwards transfer it to more friends for better security, & ye meetings of Charliamt & Bellyhagan are desired to appoint friends with ye assistance of Wm Pigeon to get a meeting house built thereupon of 30 foot long, 16 wide & 8 high, all to be done at a proodent charge, & ye yearly rent to be paid out of Thos Wainwrights efects, as also ye () above mentioned to Saml Murphy out of ye same. Answer from ye several means meetings in ye province, as also a paper from ye Select meet.s held yesterday, being read in this meeting, signifying tht there is a remnant in every meeting concerned for ye prosperity of Truth; And for ye several meetings further encouragement in ye service of Truth, & tht all things might adorn ye gospel, ye following matters which came from ye Select meeting, are Communicated to be observed. (Viz)

In a renesence of ye love tht hath been raised in our hearts at this time do we dearly Salute you, fervently desiring tht we may be all sound in ye well doing so as we may witness every one for our selves peace in ye end of our time here in this transitory & troublesome world. And do hereby acquaint you tht we have according to our wanted manner, this day held our meeting in peace & love one with another; having a due consideration for ye welfare of our brethren, have made dilligent enquiry look after what manner meetings for performing worship to Almighty God are kept up where settled throughout this province; which we at this time have received pretty fully; & also how things are in relation to publick testimonies that may from time to time be born therein? As to ye first we understand there is still too much of a slackness remains with several under ye profession of Truth, as to their performance of religious duties, notwithstanding all ye

care, labour & fervent concern that hath & sstill remains upon a remnant, to have things tht are amiss amended.

And altho in said accounts there hath not come any direct complaint against any tht may have publick testimonies in meetings, our friends being very tender in tht respect, nonetheless we have been at this time under some concern of mind, as at several times heretofore, with earnest desires tht all that's concerned in tht honourable sstation of bearing testimony for ye Lord, may duly attend ye same, & not to be hindred or clogged with ye affairs of this life; and further we think tht very needful for all that's publickly concerned in Church affairs, both ministers & (others) to labour with utmost sincerity to walk orderly in their conversations, having ye fear of God before their Eyes, if they may be clear from laying stumbling blocks in ye way of any tht may cause ye way of Truth to be evil spoken of. And afterwards joined with ye meeting of ministers & others met to gether with our dear friends, Eliz. Fisher & Mary Broklebank, from England, with whom we had a comfortable season, there being both close & pertinent matter delivered in tht meeting by our said friends both to ministers & others particularly concerned in Church discipline, with a tender Caution to those of ye Ministry, to keep in a Lively frame of mind tht their Ministers may be Lively, which helps much to make a Lively people or meeting which they may be concerned withoall; and tht every one concerned to preach ye Gospel, may live by the Gospel, the power of God, which with many other things, tht opened upon their minds in said meeting, in relation to ye qaulifications of those in tht station, which was agreed to ye concern tht took hold of friends of ye Select meeting before.

Now we earnestly desire & fervently instruct all friends but more especially Ministers & others who are particularly concerned in ye management of Church affairs, may use the utmost endeavours to walk inoffensively unto all, & tht Ministers may keep in a self()ing way, & let ye power of ye Gospel open their way in all their services in & amongst ye Lords people;

Pg 49

And at times when things of tht kind may be at a low Ebb, to be content to sit in silence before ye Lord in meetings appointed for performing worship unto him, & release his power ariseth & gives strength & ability, then is ye times to strengthen & comfort ye brethren which could be buch better & tend to our mutual comfort & satisfaction, than for any to multiply words when life doth not attend ye same, which is a means to being flatness over meetings, where such things happens; we are not willing to enlarge upon this subject, desiring tht a word to ye wise may be sufficient. And further, we would have all to consider tht may be concerned as before stated, how hurtful a thing it is when any thing appears in those tht have occasion to advise others tht hath any degree of disorder in it, either in conversation, or management of their gifts otherwise, for this reason, tht there is no confusion or inconstency in ye Truth & ye operation thereof, by our profession & declared principles, is to be Led & guided by ye holy Spirit thereof. Therefore if any thing appear that's of a contrary nature, its of an evil consequence unto us as a peo;le; these things are offered in true love & concern, with desires that the same be minded.

The last half years meetings preceedings with James Willsons testimony having been read in this meeting who finding good unity therewith & Copies thereof being drawn are sent to ye several meetings, who are Indicated to put ye good advice therein in practice & return answers thereto in proper & to send each preparation of ye publick charge to ye next Pro.
